

Beds at Azusa Pacific University

Bunk bed pictured without mattresses. Students on top bunk climb up ladder style bed end.

Beds move to three different locations and are secured by a snug steel to steel connection

Lofted bed with desk and dresser pictured underneath. One loft kit is currently provided in oversubscribed (tripled) rooms only.

Captain's height bed with dressers pictured underneath. Each student receives one dresser. Some students may decide to put both roommates' dressers under one bed to maximize space in the room.

Specifications

Mattress Size - The majority of mattresses on campus are twin XL, size 36" x 80". There are a few standard twins located in Adams Hall, size 36" x 74". On average, mattresses are 7 1/2" thick.

Adjustability - Beds adjust to three positions by snapping into place

- Beds on the lowest position have 9" of clearance underneath.
- Beds on the middle position have 20" of clearance underneath.
- Beds on the highest position (Captain's Height) have 30" of clearance underneath.

Safety rails - APU does not offer safety rails, however, students may purchase after-market products if they so desire.
